WCVA want to hear your response to Welsh Government's draft Budget priorities for 2021-22

The Finance Committee has launched its consultation on Welsh Government's draft Budget priorities for 2021-22. WCVA is keen to hear from as many third sector voices as possible in drafting its response.

They really want to hear your thoughts on how the upcoming draft Budget can support the third sector in the next financial year – a year which is likely to be critical for the sector.

[WCVA has created this survey based on the consultation questions.](#)

Please take a look at the survey and answer as many questions as you feel relevant to you and your organisation. The survey will close on Tuesday 3 November 2020.

We update our funding web pages and social media daily with new opportunities, so don't forget to connect for the latest information!
